Privacy Act Notice: Section 111 of title 17 of the United States Code authorizes the Copyright Office to collect the personally identifying information (PII) requested on this form in order to process your statement of account. PII is any personal information that can be used to identify or trace an individual, such as name, address and telephone numbers. By providing PII, you are agreeing to the routine use of it to establish and maintain a public record, which includes appearing in the Office's public indexes and in search reports prepared for the public. The effect of not providing the PII requested is that it may delay processing of your statement of account and its placement in the completed record of statements of account, and it may affect the legal sufficiency of the filing, a determination that would be made by a court of law.

LEGAL NAME OF OWNER OF CABLE SYSTEM:		SYSTEM ID#

Instructions: List each separate community served by the cable system. A “community” is the same as a “community unit” as defined in FCC rules: “a separate and distinct community or municipal entity (including unincorporated communities within unincorporated areas and including single, discrete unincorporated areas.” 47 C.F.R. §76.5(dd). The first community that you list will serve as a form of system identification hereafter known as the “first community.” Please use it as the first community on all future filings. Note: Entities and properties such as hotels, apartments, condominiums, or mobile home parks should be reported in parentheses below the identified city or town. If all communities receive the same complement of television broadcast stations (i.e., one channel line-up for all), then either associate all communities with the channel line-up “A” in the appropriate column below or leave the column blank. If you report any stations on a partially distant or partially permitted basis in the DSE Schedule, associate each relevant community with a subscriber group, designated by a number (based on your reporting from Part 9). When reporting the carriage of television broadcast stations on a community-by-community basis, associate each community with a channel line-up designated by an alpha-letter(s) (based on your Space G reporting) and a subscriber group designated by a number (based on your reporting from Part 9 of the DSE Schedule) in the appropriate columns below.

LEGAL NAME OF OWNER OF CABLE SYSTEM: Verizon Pennsylvania LLC				SYSTEM ID# 062897		Name	
PRIMARY TRANSMITTERS: TELEVISION In General: In space G, identify every television station (including translator stations and low power television stations) carried by your cable system during the accounting period, except (1) stations carried only on a part-time basis under FCC rules and regulations in effect on June 24, 1981, permitting the carriage of certain network programs [sections 76.59(d)(2) and (4), 76.61(e)(2) and (4), or 76.63 (referring to 76.61(e)(2) and (4))]; and (2) certain stations carried on a substitute program basis, as explained in the next paragraph. Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute program basis under specific FCC rules, regulations, or authorizations: - Do not list the station here in space G—but do list it in space I (the Special Statement and Program Log)—if the station was carried only on a substitute basis. - List the station here, and also in space I, if the station was carried both on a substitute basis and also on some other basis. For further information concerning substitute basis stations, see page (v) of the general instructions located in the paper SA3 form. Column 1: List each station's call sign. Do not report origination program services such as HBO, ESPN, etc. Identify each multicast stream associated with a station according to its over-the-air designation. For example, report multi-cast stream as "WETA-2". Simulcast streams must be reported in column 1 (list each stream separately; for example WETA-simulcast). Column 2: Give the channel number the FCC has assigned to the television station for broadcasting over-the-air in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station. Column 3: Indicate in each case whether the station is a network station, an independent station, or a noncommercial educational station, by entering the letter "N" (for network), "N-M" (for network multicast), "I" (for independent), "I-M" (for independent multicast), "E" (for noncommercial educational), or "E-M" (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form. Column 4: If the station is outside the local service area, (i.e. "distant"), enter "Yes". If not, enter "No". For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form. Column 5: If you have entered "Yes" in column 4, you must complete column 5, stating the basis on which your cable system carried the distant station during the accounting period. Indicate by entering "LAC" if your cable system carried the distant station on a part-time basis because of lack of activated channel capacity. For the retransmission of a distant multicast stream that is not subject to a royalty payment because it is the subject of a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter the designation "E" (exempt). For simulcasts, also enter "E". If you carried the channel on any other basis, enter "O." For a further explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form. Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is identified. Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.						G Primary Transmitters: Television
